

FOR SALE.

THE FOLLOWING PLANTATION MACHINERY, SUPPLIES AND MATERIAL is offered for sale by C. BREWER & CO., LTD.

Full particulars and prices can be had by calling at their office on Queen street.

1. 10-ton Gate Rock Crusher, No. 1, complete, with 12 H. P. portable boiler and engine, elevator and buckets.

2. 10-ton Drift, complete, with 40 H. P. engine, air compressor, etc.

3. 10-ton Steam Plows (4 gang), with full assortment spare parts.

4. 10-ton P. Stirling Boilers.

5. 10-ton Fuel Economizers.

6. 10-ton High Duty Steam Engines, capacity five million gallons per 24 hours, against a total head of 40 feet.

7. 10-ton Duplex Pump, capacity five million gallons per 24 hours.

8. 10-ton Centrifugal Pump.

9. 10-ton Horizontal Slide Valve Engine.

10. 10-ton P. Upright Tubular Boiler.

11. 10-ton Duplex Pump.

12. 10-ton Horizontal Boiler and Feed Water Pump.

13. 10-ton Engine, double cylinders; a 10-ton Duplex Pump.

14. 10-ton Horizontal High Speed Engine, automatic cut-off.

15. 10-ton Hollow Spindle Dodge & Lathes.

16. 10-ton California Mules, in fine order.

17. 10-ton Portland Cement.

18. 10-ton 2 Halls, 25 pounds and 20 pounds.

19. Large lot of second-hand Picks, Shovels, Hoes and Tools.

20. 10-ton Locomotive, 3 pairs of wheels, 2 foot gauge.

21. 10-ton Flat Cars, 3-foot gauge.

22. 10-ton Flat Cars, 3-foot gauge.

23. 10-ton Flat Cars, 3-foot gauge.

24. 10-ton Flat Cars, 3-foot gauge.

25. 10-ton Flat Cars, 3-foot gauge.

26. 10-ton Flat Cars, 3-foot gauge.

27. 10-ton Flat Cars, 3-foot gauge.

28. 10-ton Flat Cars, 3-foot gauge.

29. 10-ton Flat Cars, 3-foot gauge.

30. 10-ton Flat Cars, 3-foot gauge.

31. 10-ton Flat Cars, 3-foot gauge.

32. 10-ton Flat Cars, 3-foot gauge.

33. 10-ton Flat Cars, 3-foot gauge.

34. 10-ton Flat Cars, 3-foot gauge.

35. 10-ton Flat Cars, 3-foot gauge.

36. 10-ton Flat Cars, 3-foot gauge.

37. 10-ton Flat Cars, 3-foot gauge.

38. 10-ton Flat Cars, 3-foot gauge.

39. 10-ton Flat Cars, 3-foot gauge.

40. 10-ton Flat Cars, 3-foot gauge.

41. 10-ton Flat Cars, 3-foot gauge.

42. 10-ton Flat Cars, 3-foot gauge.

43. 10-ton Flat Cars, 3-foot gauge.

44. 10-ton Flat Cars, 3-foot gauge.

45. 10-ton Flat Cars, 3-foot gauge.

46. 10-ton Flat Cars, 3-foot gauge.

47. 10-ton Flat Cars, 3-foot gauge.

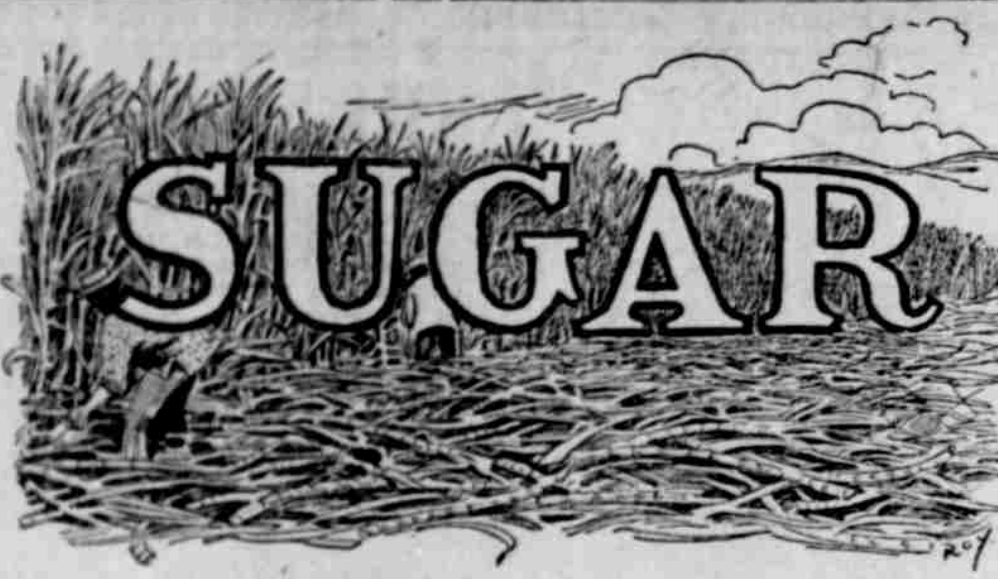

48. 10-ton Flat Cars, 3-foot gauge.

49. 10-ton Flat Cars, 3-foot gauge.

50. 10-ton Flat Cars, 3-foot gauge.

51. 10-ton Flat Cars, 3-foot gauge.

52. 10-ton Flat Cars, 3-foot gauge.

The following are the latest advices on sugar dated at San Francisco, August 25 and sent by Williams, Dimond & Company to F. A. Schaefer & Company: SUGAR.—Prices were again advanced in the local market this morning, the Western Sugar Refining Co.'s latest list for California, Oregon and Washington, being as follows:

Dominos, half barrels	7.50c
Dominos, boxes	7.50c
Cubes, (A) crushed and fine crushed	6.50c
Powdered	6.50c
Candy granulated, fine	6.40c
Dry granulated, fine	6.30c
Dry granulated, coarse	6.20c
Confectioners' A	6.20c
Magnolia, A	5.50c
Extra C	5.50c
Golden C	5.50c

Similar advances were made for export, the price today for Nevada, Idaho, Alaska and the Hawaiian Islands being 6.50c for dry granulated. BASIS.—No sales since last report, making basis for 96 deg. Centrifugals in New York 4 1/2c, San Francisco 4 1/2c.

LONDON BEETS.—Aug. 21, 11-7 1/2; 22d, 11-9; 23d, 11-10 1/2; 24th, 12-; 25th, 11-10 1/2; 26th, 12-; 27th, 12-.

DRY GRANULATED, N. Y.—No change advised.

EASTERN AND FOREIGN MARKETS.—Latest mail advices from New York under date August 24 are to the effect that nothing is doing in RAWs, as there are no sugar offerings. The loss of 500 tons Javas in the wrecking of the steamer "Indra" near Aden seriously affects the September supplies, and it is reported that holders of the few sugars to come on the market soon are disposed to ask higher prices, which they may obtain unless the arrivals are fully equal to the meetings. In REFINED, it is stated that the demand continues to slightly increase, and a rather firmer feeling is noted.

LONDON CABLE.—Aug. 24, reports Java No. 45 D. S. 13-6; Fair Refining, 12-6; September Beets 11-3.

According to latest mail advices from London, tendency in Beets is firmer on better news from the Continent, a comparatively steady market prevailing, and a distinct improvement in values of August-September has resulted. In spite however, of the firmer tone, the market remains inactive. Transactions are very small and occasional.

Latest Statistical Position.—Willet & Gray report August 23, Total Stock U. S. four ports in all hands, estimated August 22, 33,533 tons, against 154,643 tons same time last year. Six principal ports Cuba, estimated August 21, 7,500 tons against 42,500 tons last year. TOTAL STOCK IN ALL PRINCIPAL COUNTRIES BY CABLE, August 23, at latest uneven dates, 709,133 tons against 1,026,915 tons, deficiency under last year, 316,782 tons. We remain,

Yours faithfully,

WILLIAMS, DIMOND & CO.

IMPORTS OF SUGAR.

NEW ORLEANS, Aug. 25.—The Louisiana Planter says: The imports of sugar into the United States for the fiscal year ending June 30 afford some interesting data. The imports for the year are returned to the general government at an invoice value of \$100,250,757, as against \$95,000,000 for the year before, and but \$90,000,000 in 1898, the year of the Spanish war. The imports during the last year were 2,009,042 short tons, as against 1,906,126 tons the year before, and 1,344,561 tons in 1898.

The average import price per pound of all these sugars that pay duties was for the year ending June 30, 1900, 2.22 cents, for 1899, 2.21 cents and for 1898, 2 cents.

The beet sugars imported into the country aggregated 251,000 short tons, of which 200,000 short tons came from Germany.

We received 601,000 short tons of cane sugar from the East Indies, chiefly from Java. Hawaii gave us 252,000 short tons, while the Philippines gave us but 25,000 short tons.

Cuba is put down for 333,000 short tons, the British West Indies for 100,000 tons and the rest of the West Indies 113,000 tons. Egypt furnishes her share in 55,000 tons. Germany has sent us in 1,926 tons of refined sugar, while China gave us 2,113 tons, and our total imports of sugars above No. 16 D. S. aggregated 5,725 tons.

POPULATION OF CITIES.

WASHINGTON, Aug. 25.—The population of New Orleans, as announced by the Census Bureau to-day, is 237,104, against 242,039 in 1890, an increase of 54,065 of 18.62 per cent.

The population of Newark, N. J., is 236,070, as against 181,830 for 1890, an increase of 64,240 or 35.33 per cent.

The population of Allegheny City, Pa., is 129,896, as against 105,237 in 1890; increase 24,659, or 23.37 per cent.

The population of Kansas City is 163,752, an increase of 31,036, or 23.39 per cent. The population of Kansas City,

Kans., is 51,418, against 38,316 in 1890, an increase of 13,102, or 34.19 per cent.

The population of the city of Pittsburgh, Pa., is 321,616, against 238,617 in 1890. This is an increase of 82,999, or 34.73 per cent.

Marie Rosalie Dinse, the first woman to jump from Brooklyn bridge, is hopelessly insane at Bellevue Hospital, New York.

Morocco troops are reported massing near the border. Tribesmen are raiding Algerian territory. This means trouble for France.

For the Baby

The fifty-cent size is just right for the baby. A little of it in the bottle three or four times a day will supply precisely the fat all thin babies need. If your baby does not gain in weight as fast as you would like, try

Scott's Emulsion

The result will please you. If the baby nurses, the mother should take the emulsion. It makes the baby's food richer and more abundant; only buy the dollar size—it's more economical.

Both mother and child will feel at once its strengthening, upbuilding and fat-producing properties.

At all druggists, 10c and 25c.

SCOTT & BOWNE, Chemists, New York.

10c and 25c sizes of Scott's Emulsion are also sold.

A Summer Proposition.

Well, now there's the

ICE QUESTION!

You know you'll need ice; you know it's a necessity in hot weather. We believe you are anxious to get that ice which will give you satisfaction, and we'd like to supply you. Order from

The Oahu Ice and Electric Co.

THE HEALANIS AT THE PENINSULA MAKING READY FOR THE STRUGGLE

NEXT Saturday is the great day for the young men with a pull. Long and earnestly have they trained to the end that their club may win one of the great races and best of all both of them. They went down to Pearl Harbor fat and flabby and reduced their avoidments to such an alarming extent that for this day their friends scarcely know them. Hard work and plenty of it has been the order of the afternoon for the past several weeks and in consequence hands are calloused, necks burned to the hue of bronze, muscles are hardened to the consistency of whiplcord and the general morale of the young men has improved 100 per cent.

The training table was the hardest thing to get accustomed to; the clerks, clean-shaven athletes missed the luxuries they had been brought up on, such as it was indeed hard to reconcile the disappearance from the menu, of ice cream (raspberry please) doughnuts, chocolate caramels, chewing gum and other toothsome articles of diet, more especially as they were replaced by such brutal and demoralizing items as roast beef, mutton chops and bread and butter. They got used to the hardship however and their constitutions stood the strain, so it was all right.

Then again the lonesome evenings in training quarters down by the harbor: How the young carmen pined for the excitement of Honolulu's illuminated, bustling thoroughfares. There has indeed been a hard lot.

The hour of their emancipation how ever is at hand. Next Saturday afternoon

they will pull the long boats to victory or defeat. If to the former they will feel more than repaid; the girls will smuggle the winning color on their dresses and how they will cheer the boys! If victory perch on their banner, the girls will applaud just as heartily and the losers' pictures will get into the store-windows anyway and point a moral as to the blessedness of perseverance with perhaps an allusion to the effect that the battle is not always to the brawnier.

It will be all right anyway. The long drawn out gentleman to the left is posing for one of the ladies on the pier who is armed with a kodak. The young gentleman in the center who is apparently being purred by the fateful cat is Mr. Jarrett. The cat is his mascot and by its influence he expects to be up to the scratch when the starter's gun is fired. Merle Johnson still maintains that he was scratching his back; the X in the picture shows the exact spot, but that's another story. Boisse or No. 11 as he is better known has been kept pegged down during the recent gales which have been disturbing the peaceful lochs. He is too valuable a man to let blow away. The training table, it will be observed, is literally groaning under its weight of good things; if you keep very still you may hear it groan. Note the pleased expression on the faces of the gormets! The mosquitoes don't like Walcott a little bit, they think he's a bicyclist; tire, tough luck, ain't it? The janitor is, as was ever his wont, talking about beet while the callow coxswain is recovering from the effects of his diurnal cigarette.

District Committee

Pursuant to a Resolution passed at a meeting of the Executive Committee of the Territorial Central Committee of the Republican Party in the Territory of Hawaii a call is issued to the delegates who shall be elected at the primary to meet on September 6 or 7 for the purpose of electing delegates to Territorial Convention.

These are the Rules and Regulations of the Republican Party in the Territory of Hawaii, governing District Committees:

ARTICLE II. DISTRICT COMMITTEE.

Section 1. Each district committee shall consist of delegates from the precincts in said district.

Section 2. Each district committee shall meet when notified to do so by the Territorial Committee, and shall be presided over by the President, Vice-President, Secretary, Treasurer, and such other officers and standing committees as it may be entitled to.

Section 3. Any duly enrolled Republican shall be eligible as a delegate to the Territorial Committee from the district in which he resides.
